## Foreword

The 2023 Approved Schedule of Fees and Charges outlines all fees and charges that may be levied by RMIT University for enrolment or other engagement in the 2023 calendar year. RMIT University, including select controlled entities of RMIT University such as RMIT Online and RMIT Training, will henceforth be referred to collectively as 'RMIT'.

The fees and guidelines in this document are not applicable to enrolments or engagement with RMIT English Worldwide (REW). ELICOS students enrolled with REW should refer to the course fees and enrolment and refund policies available at [rmittraining.com/courses-and-tests/academic-english-rew](https://rmittraining.com/courses-and-tests/academic-english-rew).

The 2023 Approved Schedule of Fees and Charges is published under the authority of RMIT Council. All fees in this schedule and its appendices are subject to alteration by Council, or delegate, without prior notice. Approved changes will be recorded in the relevant fee schedule and published at [rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/approved-schedule-of-fees-and-charges](https://rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees/approved-schedule-of-fees-and-charges).

Only fees or charges that have been approved by the Vice-Chancellor, or delegate, can be charged to students or persons. A 'delegate', in this instance, may include the appropriate College Finance team or Associate Director who may set fees for their respective areas of responsibility. All student fees must be charged through RMIT's student administration management system (SAMS) unless otherwise approved by Finance.

In broad terms, there are four categories of fees charged by RMIT:

Tuition fees for higher education, vocational education, preparatory and any other non-Australian Qualification Framework (AQF) students. The tuition fees charged depend on a student's citizenship, program, and the type of place they have been offered.

Student services and amenities fees (SSAF) for services and amenities of a non-academic nature that enhance the student experience. These include sporting and recreational activities, employment and career advice, childcare, financial advice and food services.

Materials fees and charges associated with programs and courses offered by RMIT. These incidental fees include the costs of field trips, as well as goods that then become the physical property of students.

Administrative fees and charges include fees for administrative services, graduation ceremony attendance, parking, and library fines.

The following sections detail the fees, and conditions that may apply to fees charged to students or persons, for enrolment or other engagement with RMIT during 2023.

# 1. Application of the 2023 Approved Schedule of Fees and Charges

All persons who enrol at RMIT for studies in the 2023 calendar year, or who otherwise engage with RMIT in 2023 (e.g. graduation, car parking, application for admission) are subject to the fees and charges detailed in this document.

All students who undertake their studies at RMIT in the 2023 calendar year are required to enrol. Completion of the enrolment process is a declaration that binds a student to the rules and obligations of this schedule, inclusive of amendments subsequently approved by Council or approved delegate. A student or person is liable for the financial obligation that results from the application of their enrolment or other action pursuant to this schedule.

If a student has enrolled and wishes to cancel their enrolment, it is their responsibility to inform RMIT before the relevant census date. If they fail to do so their financial obligation remains and they will remain liable for all fees (such as tuition, SSAF and administrative fees), even where they are no longer attending classes. If a student has deferred their fees using a Government loan scheme, e.g. HECS-HELP, FEE-HELP or a VET Student Loan, they will be liable for that loan if they cancel their program after the relevant census date.

## 1.1. Creation of financial liability

Financial liability for all tuition and SSAF fees is created at the point of enrolment. Students become liable for material and administrative fees upon signed agreement and/or upon receipt of the corresponding goods or service.

## 1.2. Cessation of financial liability

Financial liability only ceases upon payment or withdrawal from a course or program by the relevant deadline.

The only mechanisms to withdraw from a course are dropping individual courses via Enrolment Online, an approved Leave of absence submitted via Enrolment Online, or a verified request in writing.

The only mechanism to withdraw from a program is by lodging a Cancellation of program enrolment form via Enrolment Online or with Student Connect.

**Note:** a student cannot cancel their program enrolment via Enrolment Online if they are:

- an Open Universities Australia (OUA) student
- an international onshore student under the age of 18

To cancel their program enrolment:

- an Open Universities Australia (OUA) student must contact OUA to withdraw from program
- an international onshore student under the age of 18 must contact Student Connect to begin communication with the International Under-18 Advisor

### 1.3. Governing legislation

The 2023 Approved Schedule of Fees and Charges has been prepared based on the current Australian and Victorian legislation that govern RMIT operations.

RMIT reserves the right to amend the fees, charges, and guidelines detailed in this document in-line with any changes to this legislation implemented after the publication of this document. Should any inconsistencies arise between this document and the legislation, the legislation will prevail.

## 2. Tuition fees

### 2.1. Annual fees

Students will be charged a fee for each course (subject) they enrol in. This is based on a student's program code and enrolment term. Higher education and Foundation Studies students will be charged a fee per credit point. Preparatory and Vocational Education students will be charged a fee per nominal hour.

The Associate Degree in Aviation (Professional Pilots) or the Diploma of Flying (Pilot Cadetship) may also have additional course list fees based upon the course they are enrolled into.

Program and course tuition fees for students who commence their program in 2023 are held constant for the 2023 calendar year only.

RMIT reserves the right to annually adjust program tuition fees. Changes to program tuition fees will be applied at the beginning of each calendar year. In 2023, and future years, the annual tuition price increase is capped at 7.5%.

This cap applies to:

- domestic and international onshore full-fee higher education students (including students enrolled with RMIT Online)
- international onshore full-fee vocational education and preparatory students (including Foundation students)
- international offshore students who are enrolled with, and pay fees to, RMIT Australia

For higher education fees tuition fees may be rounded up to the nearest \$10.00 per credit point increment. This means the actual fee increase may exceed 7.5%.

Similarly, for international onshore vocational education and preparatory students, the program annual fees may be rounded up to the nearest \$250.00, in which case the actual fee increase may exceed 7.5%.

Domestic vocational education fees are not subject to an annual cap and fee increases may exceed 7.5%.

The terms and conditions detailed in this document relate to 2023 commencing students, as well as re-enrolling students, and are subject to annual review. Students who commence their program in subsequent years will be subject to the terms and conditions prevailing at that time.

Any changes to terms and conditions will be communicated prior to their effective commencement date.

## 2.2. Cohort pricing

Where the tuition fee for a given higher education program exceeds the annual price increase cap a student who is currently enrolled will be entitled to complete their program at their current fee rate (subject to annual indexation). Newly enrolling students will be charged at the new fee rate. Any change of program is treated as a new enrolment, including re-admission into a program previously discontinued.

This means that the domestic and international lists of the average annual 2023 tuition fees listed in the Appendices may, therefore, include two or more price streams for a single program.

Where this occurs, the 'program description' field will indicate the cohort by calendar year that corresponds to the annual fee price listed. A student is allocated to a cohort based on the semester and year they commenced their program.

## 2.3. International students on a non-student visa

In 2023, commencing international onshore students on a non-student visa will be charged the international onshore fee for their program (Appendix 3). Continuing international onshore students on a non-student visa who commenced their program prior to 2022 and had been charged the domestic full-fee rate will continue to be charged this rate unless their visa status changes.

## 2.4. Standard or average load

Annual tuition fees listed are based upon standard load (total program load ÷ standard program duration) and normal progression, with pro-rata fees applying to non-standard loads.

Higher education tuition fees are charged at a rate per credit point. The standard measure of a full-time student load is 96 credit points per year for higher education programs. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points in which case fees will be charged accordingly.

Please note, the above definition applied to RMIT Australia. Students enrolled at RMIT Vietnam into a full-time student load of 108 credit points per year for higher education programs.

Vocational education programs do not conform to a standard load per year, and the annual fees listed for these programs are based on a calculation of total program fees (at current year prices) divided by the total scheduled hours in a program. A full-time study load is calculated by the nominal total hours for the program divided by the full-time duration of the program.

Due to their variable program structure, some vocational education programs may have different fees that depend on a student's chosen stream or specialisation.

To illustrate, a program requiring 1,500 nominal hours over two (2) years may require students to undertake 700 nominal hours in the first year and the balance of 800 nominal hours in the second year.

Assuming full-time enrolment, the student will be charged for 700 nominal hours in the first year at the rate per nominal hour for that year, and for 800 nominal hours in the second year at the new calendar year rate.

Vocational education fees may be more than the total program tuition fee (including annual indexation) if a student chooses non-standard electives or if a student enrolls in subjects in addition to the standard program load.

## 2.5. Higher Education – Commonwealth supported places (CSPs)

A CSP is arrangement where the tuition fee is jointly paid by the student and the Commonwealth Government. The student's share of the fee (student contribution) is set by the Government and determined by the discipline areas (bands) of their individual enrolled courses (subjects), not the overall program.

A student is a CSP student only if they have received confirmation from RMIT that they have been offered a CSP, and the student accepts that place and their eligibility has been verified. Some CSP students, including undergraduate students studying with RMIT through OUA, may be eligible for a HELP loan which will allow them to defer payment of up to 100% of their student contribution (see section 2.6) unless they exceed their HELP loan limit. CSP students are also subject to the Student Learning Entitlement which limits students to seven years of full-time study in a CSP place.

### 2.5.1. Changes to CSPs from 2021

The Australian Government introduced changes to the way tertiary education is funded from 2021 under the Job-Ready Graduates Package.

#### Continuing students

Continuing students who commenced prior to 2021 will contribute the same amounts for arts, law, economics, creative arts, and communications courses as they would have done before this policy was implemented. If continuing students from prior to 2021 are enrolled in units that will have their student contribution amount lowered under the Job-Ready Graduates Package, then the student will be charged the lowered amount.

For more information about the Jobs-Ready Graduates Package visit the Australian Government's [Study Assist website](#).

#### 2.5.1.1 Job Ready Graduates – Low Completion Rate for 2023

The Australian Government has introduced new eligibility rules for student funding in higher education, effective from 2022, as part of the Job Ready Graduates legislation.

If you started a new program at RMIT from 2022 and are enrolled in a Commonwealth Supported Place (CSP) or have a HECS-HELP or FEE-HELP loan, these changes affect you. The new eligibility requirements mean that you must achieve a reasonable completion rate to keep your program funding. If you have a low completion rate at any time in your program, your funding may be removed, and you may be discontinued from your program.

CSP students, and students accessing HELP loans, will be assessed as having a "low completion rate" if more than 50% of their courses have been failed after 8 courses have been attempted within an undergraduate or postgraduate program. In higher education programs lower than a bachelor's degree, the completion rate will be assessed after 4 courses have been attempted. Students assessed as having a low completion rate will no longer be eligible for a CSP place or HELP loan.

Commencing Higher Education students in 2023 accessing Commonwealth assistance in the following programs are in scope of this change: Enabling Skills programs (Year 12 students),

Associate Degrees, Undergraduate Certificates, Bachelor Programs, Bachelor Honours Programs, Graduate Certificates and Graduate Diplomas Masters.

Students with a Low Completion Rate (LCR) may be able to continue in the same program on a full fee-paying basis by submitting a show cause submission requesting to do so. The show cause request to continue in a full fee place will be subject to the determination of the Program Assessment Board (PAB) and threshold guidance documentation provided by ARG.

Students assessed as having a LCR may cancel their enrolment once identified. Alternatively, RMIT will drop their future course enrolments, prevent future enrolments and discontinue their enrolment in the program 30 days after they have been identified. The student can apply for admission into another Higher Education CSP at a different program at RMIT. A student's Low Completion Rate will be taken into consideration during the admissions process. The Low Completion rate from the previous program will not carry-over into the new program if admitted, and students will be able to access CSP and Government loans in the new program.

If a student with a Low Completion Rate is permitted by the PAB to continue within the same program as a full fee student, they will become eligible for entry into a CSP or to access a HELP loan when their completion rate improves to 50% or greater.

There are various processes available to students that may result in a LCR recalculation to avoid discontinuation and/or financial and academic penalties. These include a review of final grade process, special consideration process (late course withdrawal without academic penalty), or HESA remission of debt (in special circumstances).

Students will be assessed for LCR for the duration of their program.

### **2.5.2. Calculating the student contribution**

CSP students are charged a student contribution amount per course. Within 28 days after the course census date and deferral of the course fee, the student will be issued with a Commonwealth Assessment Notice (CAN). A notification email will be sent to their RMIT student email account and their nominated personal email when a CAN is available to view via Enrolment Online.

The student contribution amount for a course is based on the HECS band that the course falls within. Additionally, the Effective Full-Time Student Load (EFTSL) weight of the course as a proportion of a full-time study load is considered. The weight of courses is measured as a proportion of a full-time student load (1 EFTSL) and can also be measured in credit points.

A standard annual full-time load for Higher Education students at RMIT is equivalent to 96 credit points. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points and fees will be charged accordingly.

It is important to note that the HECS band that a course falls into is determined by the individual 'unit of study', not the program or degree. That is, if a student enrolls in a nursing course and an accounting course as part of a Bachelor of Nursing program, the nursing course will be charged at the appropriate HECS band for a nursing unit of study and the accounting course will be charged at the appropriate HECS band for an accounting unit of study.

If the student contribution amount for a course is an amount made up of dollars and cents, it will be rounded down to the nearest dollar (e.g.  $\$3,985 \times 0.125 \text{ EFTSL} = \$498.13$ , which will be rounded to \$498).

### 2.5.3. 2023 CSP fees for commencing students

Student contribution band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2023 – commencing students
Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	\$4,124 per standard year \$515 per standard (12 credit point) course
Allied Health, Other Health, Built Environment, Computing, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work, Engineering, Surveying, Environmental Studies, Science, Pathology	\$8,301 per standard year \$1037 per standard (12 credit point) course
Dentistry, Medicine, Veterinary Science	\$11,800 per standard year \$1475 per standard (12 credit point) course
Law, Accounting, Administration, Economics, Commerce, Communications, Society and Culture	\$15,142 per standard year \$1892 per standard (12 credit point) course

Detailed information regarding the calculation of student contribution amounts is provided at [rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees](http://rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/fees).

#### Professional Pathway Psychology and Professional Pathway Social Work

Commencing students in these programs will be charged student contribution fees based on their program type for the units (courses) that meet the Australian Government's Professional Pathway Psychology or Professional Pathway Social Work requirements.

For Professional Pathway Psychology, these are units that begin with field of education prefix 0907 (e.g 090701, 090799).

For Professional Pathway Social Work, these are units that begin with field of education prefix 0905 (e.g 090509, 090513).

RMIT program code	Program name	Program type
BH000	Bachelor of Applied Science (Psychology) (Honours)	Professional Pathway Psychology
BP112	Bachelor of Social Science (Psychology)	Professional Pathway Psychology
BP154	Bachelor of Applied Science (Psychology)	Professional Pathway Psychology
BP295	Bachelor of Criminology and Psychology	Professional Pathway Psychology
BH105	Bachelor of Social Work (Honours)	Professional Pathway Social Work
BP322	Bachelor of Youth Work and Youth Studies	Professional Pathway Social Work
MC150	Master of Social Work	Professional Pathway Social Work

RMIT program code	Program name	Program type
BH106	Bachelor of Social Work (Honours)/Bachelor of Social Science (Psychology)	Professional Pathway Psychology and Professional Pathway Social Work

### Postgraduate Clinical Psychology

Continuing and commencing students in **MC002 Master of Clinical Psychology** will be charged student contribution fees at the Postgraduate Clinical Psychology rate for units (courses) that meet the Australian Government's requirements for this program type, which are units with field of education 090701.

#### 2.5.4. 2023 CSP fees for continuing students

Grandfathering arrangements will be in place for continuing students who commenced prior to 2021 who would see an increase in their student contribution amounts under the Government's Job Ready Graduate program.

Under these arrangements, students who commenced their course of study before 1 January 2021, and whose student contribution amounts increased for a unit, will instead have their student contribution amount remain as it were under 2020 arrangements (with fees indexed by CPI each year).

If continuing students are enrolled in units that saw their student contribution amount lowered under the Government's CSP fee structure, their student contribution will be the lowered amount.

Student contribution band by course (unit)	Maximum annual student contribution amount (per EFTSL) in 2023 – continuing students
Education, Postgraduate Clinical Psychology, English, Mathematics, Statistics, Nursing, Indigenous and Foreign Languages, Agriculture	\$4,124 per standard year \$515 per standard (12 credit point) course
Communications, Society and Culture, Visual and Performing Arts, Professional Pathway Psychology, Professional Pathway Social Work	\$7,105 per standard year \$888 per standard (12 credit point) course
Allied Health, Other Health, Built Environment, Computing, Engineering, Surveying, Environmental Studies, Science, Pathology	\$8,301 per standard year \$1037 per standard (12 credit point) course
Medicine, Dentistry, Veterinary Science	\$11,800 per standard year \$1475 per standard (12 credit point) course
Law, Accounting, Administration, Economics, Commerce	\$11,857 per standard year \$1482 per standard (12 credit point) course

### 2.5.5. Places that do not qualify for Commonwealth support

You cannot be enrolled in a Commonwealth supported place under the following circumstances:

- the course contributes to a program that is being undertaken primarily at an overseas campus
- the enrolment is an employer-reserved place
- the course forms part of a bridging course for overseas-trained professionals, or
- the course forms part of a program the Minister has specified, by way of legislative instrument, that students cannot be enrolled in as Commonwealth supported students

### 2.5.6. Courses that do not qualify for Commonwealth support

Each program has courses you must complete to meet the academic requirements of your award program. If you wish to study additional courses that are beyond or outside the requirements of your approved program structure you will be unable to study and receive Commonwealth support for those courses. This is because the additional courses do not contribute towards your degree.

If you have already completed a course for which a pass grade or higher has been achieved, and the course contributes to the academic requirements of your award program, you will be unable to re-enrol in that same course and be Commonwealth supported.

If you wish to study additional courses that do not contribute towards your degree, or continue studying once you have met the requirements for your award program, you may have options to do so under other enrolment arrangements such as non-award study or RMIT Single Courses.

### 2.5.7. Open Universities Australia (OUA) students

RMIT offers a select number of courses and programs through OUA. OUA courses studied at RMIT may lead to either a RMIT or partner university qualification, and the RMIT award is identical to those awarded to non-OUA students at RMIT.

OUA students are charged tuition fees directly by OUA, except for continuing CSP students. As of January 2021, RMIT no longer offers Commonwealth supported places to commencing undergraduate students applying to study via OUA

Administrative fees apply to all OUA students when they wish to get credit transfer. RMIT charges fees to OUA students directly for these additional services. See section 5.3.2 for more information.

## 2.6. Higher Education Loan Program (HELP)

A HELP loan can assist eligible students to pay their student contribution amount, tuition fees, the student services and amenities fee, or to meet overseas travel expenses. HELP is administered under the *Higher Education Support Act 2003*.

If an eligible student has an approved HELP loan, they have the option to:

- pay the full tuition fee or student contribution by the due date
- pay some of the tuition fee or student contribution amount up-front before the relevant due date and request a loan for the remainder of their tuition fees or student contribution before their census date
- request a HELP loan for the full tuition fee or student contribution amount

A student's official references for HELP are the Australian Government's Study Assist website, *FEE-HELP information* booklet and *HECS-HELP Commonwealth supported places information* booklet.

The Study Assist website [studyassist.gov.au](https://studyassist.gov.au) contains a link to their [myHELPPbalance portal](#), which is designed to help students keep track of how much Commonwealth assistance they have used.

The government may make changes to the legislation for HELP at any time. Should any inconsistencies arise between this document and the Study Assist website, the information contained on the Study Assist website will prevail.

### 2.6.1. HELP loans available – higher education students

HELP loans provide eligible students with assistance to pay all or part of their student contribution amount, tuition fees and SSAF.

From 2022 onward, a Low Completion Rate will also impact student's eligibility for Commonwealth Assistance. See section 2.5.1.1 for more information.

The HELP loans available are as follows:

- **HECS-HELP** — for eligible students enrolled in a CSP. HECS-HELP loans cover all or part of a student's student contribution amount (course fees) only. The SSAF cannot be deferred to HECS-HELP.
- **FEE-HELP** — for eligible full-fee students. FEE-HELP is a loan that covers all or part of a student's tuition fees only.

It is available to full-fee undergraduate, postgraduate coursework and research students. Undergraduate students (including Associate Degree students) are charged a **20% loan fee**, which does not count towards the HELP limit (see section 2.6.4). The SSAF cannot be deferred to FEE-HELP.

- **OS-HELP** — for eligible Commonwealth supported students who wish to study overseas. This loan is to assist with expenses such as accommodation and travel.
- **SA-HELP** — for eligible **higher education** students. SA-HELP loans are provided to cover all or part of the SSAF. Students who wish to defer the SSAF must apply for this loan in addition to applying for FEE-HELP or HECS-HELP.

### 2.6.2. VET Student Loans – vocational education students

Many RMIT vocational education programs are eligible for a capped loan under the Australian Government's VET Student Loans (VETSL) scheme.

A VET Student Loan can be accessed to meet all, or some, of the costs of tuition incurred by:

- eligible full-fee vocational education students who enrol in a VSL approved diploma, advanced diploma, vocational graduate certificate or vocational graduate diploma program

- eligible vocational education students in a Victorian Government subsidised place who enrol in a VETSL approved diploma or advanced diploma program

The list of RMIT programs that are eligible and ineligible for a VET Student Loan is available on the [HELP loans and VET Student Loans webpage](#).

For some eligible programs, the VET Student Loan program loan limit does not cover the full amount of the tuition fee.

Any amount a student borrows under a VET Student Loan for their program (including study undertaken in the same program with a different provider) will contribute towards their VET Student Loan program loan limit, as well as their HELP loan limit (see section 2.6.4).

Program loan limits are set annually by the government. Once a student has reached the loan limit for their program, they can no longer defer tuition fees for that program to their VET Student Loan.

Full fee students will incur a 20% loan fee. Victorian Government subsidised students will not incur a loan fee. The loan fee does not count towards the lifetime HELP loan limit (see section 2.6.4).

Students accessing a VET Student Loan will be required to complete Government-issued VET Student Loan Progression and Engagement Forms at key points each year throughout their study. Failure to complete two consecutive Progression and Engagement Forms will result in the government deeming the student ineligible for a VET Student Loan, and students will be required to pay tuition fees by the due date.

### **2.6.3. Up-front HECS-HELP payment discount**

As included in the Department of Education's June 2022 update, ending the 10% upfront HECS-HELP discount is an election commitment for the Government. The discount is expected to cease from 1 January 2023, subject to the passage of legislation. The information below is current until the passage of legislation revoking it, in which case the legislation overrules the Schedule of Fees & Charges.

If you are eligible to access HECS-HELP, and you make an upfront payment of \$500 or more on your student contribution amount before the applicable census date you will receive a 10 per cent discount on the up-front payment amount. The discount is an Australian Government incentive to pay up-front, either fully or partially, and will decrease your student debt.

The HECS-HELP up-front payment discount will apply for up-front payments of \$500 or more for units of study, or if the student contribution charges are less than \$500, and up-front payment is made before the census date.

### **2.6.4. Combined HELP limit**

Eligible students can borrow up to the HELP loan limit to pay their tuition fees.

For 2022, the HELP loan limit is \$109,206 for most students. The limit for students studying higher education programs in medicine, dentistry, veterinary science, and approved aviation programs will be \$156,847.

All students are responsible for keeping track of their loan limits, and where a student reaches their HELP limit, they must pay their fees directly to RMIT before the due date.

### 2.6.5. Renewable HELP balance

Students can top up their HELP balance by making repayments on their debt. Voluntary repayments to the ATO will top up a student's HELP balance once processed by the ATO.

Any compulsory or voluntary repayments can be re-borrowed in the future, up to the current HELP loan limit. VET Student Loan program limits are still applicable and cannot be 'topped up' via repayments.

### 2.6.6. How to apply for a HELP loan or VET Student Loan

When enrolling via Enrolment Online, eligible students will be asked to indicate which optional loan/s they want to apply for. They will then receive an email from the Australian Government with further instructions on how to apply via the government's eCAF (electronic Commonwealth Assistance Form) portal.

Before a HELP loan or VET Student Loan can be approved, a student must meet certain requirements, including:

- verifying their identity and citizenship or residency status before they enrol
- providing a verified USI
- successfully validating their Tax File Number (TFN) with the Australian Taxation Office via the eCAF portal, and
- meeting any additional government requirements for the specific loan type, as stated in the relevant published loan booklet

Australian Government requirements for HELP loans are available at:

- [studyassist.gov.au/need-more-information/help-publications](https://studyassist.gov.au/need-more-information/help-publications) (HELP loans), or
- [www.dese.gov.au/vet-student-loans/vet-information-students](https://www.dese.gov.au/vet-student-loans/vet-information-students) (VET Student Loans)

### 2.6.7. Provision of a Tax File Number (TFN)

If a student is applying for any kind of HELP loan or VET Student Loan for study at RMIT they will need to supply a successfully validated TFN for their loan to be approved.

If a student has not yet been issued a TFN, but has applied for one with the ATO, they may supply a *Certificate of application for a TFN* with their eCAF and must then submit their TFN on their eCAF within 21 days.

If their TFN is not submitted and successfully validated with the ATO on or before the census date, their loan will not be approved and the student will need to pay their student contribution or tuition fee in full on or before the census date.

### 2.6.8. Eligibility for HELP loans and VET Student Loans

Currently, to be eligible for a HELP loan or a VET Student Loan a student must:

- be an Australian citizen and meet the residency requirements (they must study at least part of their course in Australia), or,

- be a New Zealand Special Category Visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements \*
- submit the relevant electronic Commonwealth Assistance Form (eCAF) via the government portal by the relevant census date
- be enrolled in each unit/subject at their provider by the census date
- have an available HELP balance of more than \$0
- submit a TFN that is successfully validated with the ATO by the relevant census date
- submit a USI that is verified with the USI registry
- meet any other government requirements applicable to the relevant loan type

\* A student who holds an NZ SCV may be eligible to access HELP loans or a VET Student Loan, providing they meet the long-term residency requirements and other eligibility requirements.

If an NZ SCV does not meet all the criteria, they are not eligible for HELP loans or VET Student Loans. Learn more at [studyassist.gov.au/help-loans/non-australian-citizens](https://studyassist.gov.au/help-loans/non-australian-citizens).

### **2.6.9. Ineligibility for HELP loans and VET Student Loans**

Currently, other domestic students such as New Zealand citizens who do not meet the long-term residency eligibility criteria (see section 2.6.8) and Australian permanent residents (other than holders of a permanent humanitarian visa) or higher education students who fall below the Low Completion Rate threshold are not eligible to access a HELP loans or VET Student Loan.

These students must pay their student contribution or tuition fees in full to RMIT by the due date for each course.

If a CSP student who is not eligible for HECS-HELP assistance fails to pay their student contribution amount in full by the census date, RMIT is required by Australian Government legislation to cancel the student's enrolment.

If a student fails to pay any of their student contribution in a standard semester, their entire program enrolment will be cancelled until the next study period.

If a student makes a partial payment only or has enrolments in other semesters with a different census date, only courses that have not been paid in full will be dropped from their enrolment for the relevant census date.

RMIT does not have any discretion with this matter and cannot accept a student contribution payment after the census date.

If a student in a full-fee place who is not eligible for FEE-HELP assistance or a VET Student Loan does not pay their tuition by the due date, they will be considered a university debtor (see section 8).

If a VET Student Loan student fails to meet the ongoing requirement of submitting their government issued Engagement and Progression forms, they will be considered ineligible for a VET Student Loan. Failure to submit two consecutive Engagement and Progression forms will result in cancellation of their program enrolment.

## 2.6.10. HELP loan and VET Student Loan repayments

HELP debts and VET Student Loan debts are indexed on 1 June each year. Debts are not indexed until they are 11 months old.

Repayments occur one of two ways:

- **Compulsory payments through the Australian taxation system:** students start repaying their HELP debt to the Australian Government through the Australian Taxation Office system once they reach the minimum income threshold level for repayment. The repayment thresholds are adjusted each year to reflect any changes in average weekly earnings
- **Voluntary repayments to the ATO:** students can make voluntary repayments to the ATO at any time and for any amount

Repayments may 'top up' a student's combined HELP balance.

It is important to be aware that the ATO does not issue a yearly ATO statement to students. All students are responsible for keeping track of their debt at the ATO.

For more information, please visit [ato.gov.au](https://ato.gov.au).

## 2.7. Higher education – domestic and international onshore full-fee paying

### 2.7.1 Program fees and charges

RMIT offers a number of undergraduate, postgraduate and research places to students who are not Commonwealth Supported. The tuition fees for these programs are set on an annual basis and may be subject to change each calendar year.

Under the Higher Education Support Act 2003, domestic full fee students in a unit of study (course) must be charged an amount equal to, or more than, what CSP students are charged for that unit. The only exception to this is where a student is enrolled in an employer reserved place.

The fees for all RMIT's domestic full fee programs have been set equal to or above the respective maximum student contribution amount. Appendix 1 provides a list of the average annual 2023 tuition fees for all domestic undergraduate and postgraduate full-fee programs (see Appendix 4 for tuition fees that apply to domestic postgraduate students enrolled via RMIT Online).

### 2.7.2 International onshore students

The Commonwealth does not contribute to educational costs for international students unless the students are in receipt of a Research Training Program International Tuition Fee Scholarship.

Furthermore, Commonwealth grant amounts provided to universities for the education of domestic students are not provided to subsidise places or services for international students.

The fees charged to international students must be greater than or equal to a minimum indicative fee specified by the Commonwealth.

All RMIT fees have been set above these minimum requirements. Appendix 3 of this document lists the 2023 average annual tuition fees for international onshore students.

### 2.7.3 RMIT Online

RMIT Online offers several fully online short courses and degrees. See Appendix 4 for the list of 2023 undergraduate and postgraduate tuition fees.

### 2.7.4 Calculating higher education tuition fees for a program or course

The information in this section does not apply to programs AD023 Associate Degree of Aviation (Professional Pilots) and DP017 Diploma of Flying (Pilot Cadetship). See section 2.7.5.

A higher education student's annual tuition fees are based on the number of credit points they are enrolled in for their program and the fee per credit point for that program in the current year.

**Example:** In 2023, a domestic student is enrolled full-time in a master's degree, which has a standard full-time load of 96 credit points and a fee of \$280.00 per credit point.

To calculate the annual tuition fee for this program, the student needs to multiply the number of credit points they are taking by the fee per credit point as follows:

Credit points		2023 fee per credit point		2023 annual tuition fee
96	x	\$280.00	=	\$26,880.00

### 2.7.5 Aviation program course fees

Students undertaking program AD023 Associate Degree in Aviation (Professional Pilots) or DP017 Diploma of Flying (Pilot Cadetship) will be charged a specific fee for each course, with practical flying-oriented courses attracting higher fees.

For more information, see Appendix 5.

## 2.8. International offshore students

RMIT does not set fees for most international offshore students enrolled at a partner institution – these are established by the relevant offshore partner.

International offshore vocational, undergraduate and postgraduate by coursework students who are enrolled at a RMIT Australia campus and studying via distance education will be charged a fee equivalent to the RMIT Australia domestic full-fee for their program.

RMIT Australia PhD and master by research fees for international offshore candidates studying with RMIT Australia offshore by distance education are available in Appendix 6 of this document.

Appendix 4 lists fees for international offshore students enrolled with RMIT Online.

## 2.9. RMIT International University Vietnam

Australian and New Zealand students who apply directly to RMIT International University Vietnam (RMIT Vietnam) and enrol with RMIT Vietnam are subject to the fees and charges detailed at [rmit.edu.vn/study-at-rmit/tuition-fees](http://rmit.edu.vn/study-at-rmit/tuition-fees).

An RMIT Australia student participating in a cross-campus exchange will continue to be enrolled as an RMIT Australia student, paying any tuition fees or student contribution amounts as they would if their study was undertaken in Australia.

## **2.10. Vocational education – Victorian Government subsidised places (Skills First program)**

### **2.10.1. Tuition fees for government subsidised places**

For eligible students, vocational education is delivered with Victorian and Commonwealth Government funding. RMIT's Registered Training Organisation (RTO) code is 3046.

Tuition fees for a Victorian Government subsidised place undertaking vocational education will vary according to each qualification or skillset and are updated on an annual basis.

Appendix 2 provides a list of the average annual 2023 tuition fees, as well as the amount per nominal hour, for all vocational education programs for government subsidised students.

### **2.10.2. Free TAFE for priority programs**

Under the Free TAFE scheme, eligible students who commence an eligible priority course/program and are granted a Free TAFE place will have the tuition fees for their whole program paid for by the Victorian Government. The number of Free TAFE places available is subject to change and the Victorian Government may cap the number of Free TAFE places available for a program at their discretion.

Students must first meet the eligibility criteria for a government subsidised place, which includes location, citizenship and education history (see section 2.10.5).

Students can only access a Free TAFE program once, at any provider. Students assessed as eligible for a Free TAFE place can elect to accept or decline the offer of a Free TAFE place for the program.

Students will still be required to pay for other fees, such as the Student Services and Amenities Fee (SSAF), graduation fees and applicable materials fees.

### **2.10.3. JobTrainer Fund**

As of 2023, the JobTrainer Fund has ceased accepting new commencing students. Existing JobTrainer students will keep their fees arrangement as stated below.

Existing students under JobTrainer have access to free training in Free TAFE programs. They also have access to subsidised fees in all JobTrainer qualifications or skillsets. If enrolled in a JobTrainer program, students will be charged a concession fee rate which consists of an 80% discount as compared to standard government subsidised fee rates. This concession applies to enrolments at any level, including diplomas and advanced diplomas.

### **2.10.4. Program alignment with nationally endorsed training package**

Each vocational education qualification or skill set (excluding accredited 'Course In' skill sets) align to a nationally endorsed training package or nationally accredited course.

Training packages are reviewed and updated to reflect industry needs. Where a training package is revised RMIT will, if required, develop a transition plan for any students enrolled in that qualification.

A variation to a qualification may result in an amendment to the nominal hours of a program. If this occurs, the program's nominal hours will be updated in the relevant fee schedule.

Students who are transitioned to a new program due to changes to their qualification may need to complete additional courses to meet the requirements of the new program. Correspondingly, the fees and VET Student Loan eligibility for the new program may be different.

### **2.10.5. Eligibility criteria for government subsidised places**

If a student is offered a Victorian government subsidised place in vocational education, they must prove their eligibility before they can enrol.

A student's eligibility for a government subsidised place will depend on their citizenship, age, prior education, the number of programs they are studying in the current year and the number of government subsidised programs they have commenced in their lifetime at each level.

There are exemptions from eligibility criteria for apprentices and Foundation Skills programs.

The Victorian Government may also at any time publish additional eligibility exemptions to be applied by RTOs.

Students will be enrolled according to how qualifications are defined in the relevant industry training package. This may impact on their eligibility for a government subsidised place for individual qualifications.

### **2.10.6. Eligibility criteria for individuals referred under initiatives or provisions**

In 2023, individuals referred to training under the initiatives or provisions set out below may not be required to meet aspects of the Skills First eligibility criteria for a government subsidised place.

These initiatives and provisions are:

- Asylum Seeker VET Program
- TAFE and Learn Local eligibility exemptions
- *Skills First* Youth Access Initiative

Eligible individuals enrolling under the *Skills First* Youth Access initiative will have a fee waiver/exemption applied to their tuition fees and student services and amenities fees.

#### **2.10.6.1. Asylum Seeker VET Program Initiative**

Asylum Seekers are exempt from the citizenship/permanent residency eligibility requirement for a government subsidised place for the duration of their program, or until they withdraw from the program.

They may also be exempted from certain other eligibility criteria under the TAFE and Learn Local Eligibility Exemption initiative.

Applicants referred to training under this initiative must either:

- present RMIT with a *Referral to Government Subsidised Training form* from either the Asylum Seeker Resource Centre or the Australian Red Cross, or

- be the holder of a valid
  - Bridging Visa Class E (BVE)
  - Safe Haven Enterprise Visa (SHEV)
  - Temporary Humanitarian Stay Visa Subclass 786
  - Temporary Protection Visa (TPV), or
  - Bridging Visa F (BVF)

RMIT is required to check an individual's eligibility for the Asylum Seeker VET Program by using the Commonwealth's Visa Entitlement Verification Online (VEVO) system to confirm the individual holds a valid visa, as listed above, if they do not provide the referral form.

### 2.10.6.2. TAFE and Learn Local Eligibility Exemptions

The Victorian Government has also provided RMIT with a limited number of places to exempt individuals from the 'upskilling', 'two at level in a lifetime', and/or 'two commencements in a lifetime' eligibility requirements. The percentage of exemption places granted is limited by the Victorian Government and subject to change at their discretion.

RMIT must offer exemptions for individuals who present with evidence demonstrating that they are part of the following initiatives:

- Retrenched Workers
- Automotive Supply Chain Workers
- Jobs Victoria Employment Network Clients, or
- any other specific cohort as specified by the Government.

### 2.10.7. Calculating vocational education tuition fees for a program or course

Vocational education fees for government subsidised places are calculated based on the nominal hours of enrolment.

To calculate a student's tuition fees, multiply the total nominal hours for the course or program by the fee per nominal hour for the appropriate program listed in Appendix 2.

#### Example 1: Tuition fee per nominal hour for one program

A student is undertaking a Diploma and is enrolled in a total of 700 nominal hours in 2023. The tuition fee per nominal hour for the program in 2023 is \$10.00. Therefore, the 2023 tuition fee will be  $700 \times \$10.00 = \$7,000.00$ .

The fee charged for each semester in a calendar year may vary depending on the number of hours undertaken in each semester.

#### Example 2: Tuition fee per nominal hour for multiple programs

In 2023, a student is enrolled in a Certificate IV program with 200 nominal hours and a Diploma program with 300 nominal hours. The fee per nominal hour for the Certificate IV is \$5.00 in 2023 and the fee per nominal hour for the Diploma is \$8.00 in 2023.

Therefore, the tuition fee will be:

$$200 \times \$5.00 = \$1,000.00 \text{ (Certificate IV)}$$

300 x \$8.00 = \$2,400.00 (Diploma)

Total 2023 tuition fees: \$1,000.00 + \$2,400.00 = \$3,400.00

### **2.10.7.1. Tuition fees for Indigenous students**

Under the Indigenous Completions Initiative, Indigenous students in a vocational education program in a government subsidised place in 2023 who identify at enrolment are entitled to the concession tuition fee amount at all program levels.

### **2.10.8. Fee concessions and exemptions for students in government subsidised places**

Some students in Victorian Government subsidised places may be entitled to an exemption or concession on their tuition fees.

The concession fee rate is 20% of the hourly fee that RMIT would have charged a non-concession student in the same government subsidised program.

#### **2.10.8.1. Eligibility for concessions and exemptions**

A vocational education student enrolled in a Victorian Government subsidised place at RMIT may be eligible to apply for an exemption or concession on tuition fees if they hold one of the following:

- Commonwealth Health Care Card
- Pensioner Concession Card, or
- are named on a Health Care or Pensioner Concession Card as a dependent child/spouse
- Veteran's Gold Card.

'Dependent child' has the same meaning as in the *Social Security Act 1991* of the Commonwealth.

If a student has applied for but not received their relevant concession card, they may instead provide a letter or temporary card issued by Centrelink that confirms they have applied for and been approved for a concession card. They must then provide RMIT with a copy of their health care card once it has been issued.

#### **2.10.8.2. Judy Lazarus Transition Centre, Community based orders and Skills First Youth Access Initiative**

RMIT must not charge a tuition fee for Vocational Education enrolment by a person who is:

- from the Judy Lazarus Transition Centre (as a prisoner within the meaning of the *Corrections Act 1986*). (A copy of written confirmation from the management of the Judy Lazarus Transition Centre must be retained.) Or,
- required to undertake the program pursuant to a community-based order made under the *Children, Youth and Families Act 2005*. (A copy of written confirmation from the relevant Youth Justice Unit of the Victorian Department of Justice and Regulation must be retained.) Or,

- an individual referred with a validly endorsed referral form from either the Department of Health and Human Services, the Department of Justice and Regulation, or a referring agency contracted by either of these Departments to deliver child protection or youth justice support services

Evidence listed above must be lodged at the point of enrolment.

### **2.10.8.3. University Discretion**

Authority to grant a university discretion concession is delegated to the Academic Registrar.

RMIT is permitted to grant a concession on a tuition contribution where RMIT considers that its collection in full would impose extreme financial hardship. This may include a further concession on, or exemption from, the standard fee concession rate.

### **2.10.8.4. When to apply for a concession**

Students must apply each academic year and need to apply before scheduled class start dates.

If the student applies after the scheduled class start date, then their concession or exemption will be applied to the next eligible class as well as all other eligible classes that have not yet commenced for a period of 12 months.

Students can apply for a fee concession before they are enrolled. They do not need to be enrolled in the program for the concession to be recorded. They only require an RMIT student number which they will receive upon admission to their program. Students can contact their RMIT School for information about class start dates.

Concession fees are not available for diploma and advanced diploma programs. However, Indigenous students can access fee concessions for all vocational education programs at all levels.

## **2.11. Vocational education fees for recognition of prior learning (RPL) and recognition of current competency (RCC)**

### **2.11.1. Recognition of prior learning (RPL)**

RPL is a process through which students can gain credit in recognised courses based on competencies gained. There may be fees attached to RPL assessments.

In 2023, vocational education RPL fees for government subsidised, domestic full-fee and international students are equivalent to the standard tuition fees for the course(s) for which RPL is sought.

### **2.11.1. Recognition of current competency (RCC)**

Recognition of current competency (RCC) is where a previously completed accredited qualification is assessed in circumstances where it may have expired or where they have not been practising.

Costs will be determined on a case-by-case basis.

More information regarding all credit can be found here: <https://www.rmit.edu.au/students/my-course/enrolment/apply-for-credit>

## **2.12. Vocational education domestic and international full fee paying**

RMIT offers a number of places in vocational education programs on a full-fee basis. Students who are ineligible for a Victorian Government subsidised place, or who are repeating a government subsidised course, they have previously passed may enrol as full fee students.

The tuition contributions, concessions and exemptions outlined in section 2.10 do not apply to full fee enrolments. Appendix 2 provides a list of the average annual 2023 tuition fees for all vocational education programs for domestic full-fee students.

### **2.12.1. Vocational education fees for international students**

Appendix 3 of this document tabulates the average annual 2023 tuition fees applicable to students studying under a student visa arrangement (classified as 'international onshore' students).

## **2.13. Change in citizenship or residency status**

International students studying in Australia who change their citizenship or residency status during their study, and become an Australian citizen or permanent resident, may be entitled to be charged at the domestic fee rate.

Depending on the established fees for individual programs, changing citizenship or residency status may not necessarily result in a reduction in fees.

If the student submits their change in status with accepted evidence to RMIT before the relevant census date, the student will be eligible for a refund of any difference between the international tuition fee and the relevant domestic fee. They will then be liable for the domestic fee for their program from the date their change in status is applied to their record.

If the student submits their change in status with accepted evidence to RMIT after the relevant census date, the student will not be entitled to a change in fees for the current study period. In these circumstances, for higher education students, the change will be applied to classes for which the census date has not yet passed. For vocational education students the change will be applied only when there is a period in which there is a break where all classes have ended, and the next classes have not yet started.

Students whose change of status means they may be eligible to access a HELP loan or a VET Student Loan are responsible for ensuring they meet all relevant criteria and submit their electronic Commonwealth Assistance Form via the government portal by the relevant census date to access a loan (see section 2.6.6).

Students receive invitations to access the Government eCAF portal from the Australian Government and RMIT is not able to facilitate loans after the census date in any circumstances.

### 3. Student services and amenities fees (SSAF)

The SSAF is used to maintain and enhance services and amenities, both on-campus and online, that improve the experiences of RMIT students.

The maximum annual fee is determined each year by the Australian Government.

In 2023, higher education and Foundation Studies students will be charged on a pro-rata basis at the rate of \$3.40 per credit point for each course they are enrolled in, up to a maximum of \$326.00 for the year.

Vocational education and Victorian Certificate of Education students will be charged on a pro-rata basis at the rate of \$0.46 per nominal student contact hour, up to a maximum of \$326.00 for the year.

If a vocational education student is eligible for a concession on their tuition fees, they are also eligible for a concession on the SSAF. In 2022 the SSAF concession rate is \$0.10 per nominal student contact hour.

Eligible higher education students can apply to defer payment of this fee via the SA-HELP scheme (see section 2.6).

#### 3.1. Students charged the SSAF in 2023

Students studying in any coursework program taught by RMIT Australia, and who are charged tuition fees by RMIT Australia, will be also charged the SSAF based on their enrolment.

This includes students studying in the Free TAFE and JobTrainer initiatives and outbound exchange students who remain enrolled at RMIT (i.e. RMIT students studying at an overseas institution with which RMIT has a formal reciprocal agreement).

#### 3.2. Students exempt from SSAF in 2023

- Domestic students who commenced their domestic higher degree by research before 2021
- Offshore students studying at an RMIT partner institution outside Australia
- Exchange students coming to RMIT from another institution
- Cross institutional students, including:
  - inbound students studying at an RMIT campus in Melbourne
  - outbound students (i.e. RMIT students attending another institution in Australia)
- Study Abroad students, including:
  - inbound students studying at an RMIT campus in Melbourne
  - outbound students attending an overseas institution with which RMIT has no formal reciprocal agreement

- Industry sponsored students pursuant to the terms of their individual agreements
- Vocational education students who are asylum seekers

## 4. Materials fees

Materials fees include fees or charges associated with field trips, and goods that become the physical property of students.

Materials fees may only be levied with a student's signed consent. These fees are not compulsory (excluding fees for flight training courses) and students may choose to purchase these items independently.

The fees approved for 2023 have been reviewed to ensure consistency with the prevailing government guidelines. Appendix 7 provides a list of the materials fees for 2023.

## 5. Administrative fees

RMIT administrative fees cover specific additional services provided to students.

In addition, several fees have been approved that can be levied against a student's account as a fine or penalty when university regulations are broken, or borrowed goods are not returned. These fees are principally levied as a disincentive.

Appendix 8 details a full list of administrative fees and charges.

### 5.1. Fines, fees and charges

#### 5.1.1. Overdue Library materials and replacement charges

The Library will automatically renew loans 3 days prior to the item due date unless any of the following applies in which case the item will not be renewed and must be returned by its due date:

- a hold request is made for the loaned item;
- the loaned item has been borrowed for the maximum time permissible: 12 months or 3 months for CAVAL borrowers;
- another loaned item is recalled or becomes overdue;
- the patron account has expired;
- the item is from the Reserve collection on a 4 hour loan.

Loaned items not returned by their due dates become overdue. The following applies to overdue Library materials:

#### Items less than 90 days overdue:

- borrowing rights will be suspended at all RMIT University Library sites,
- holds will not be able to be collected until overdue items are returned and the Library has cleared these from the student account.

#### Items 90 days or more overdue:

- items will be deemed lost and a standard replacement charge per item will be applied to the student account;

- replacement charges must be paid in full before the Library will clear an account resulting in reinstatement of borrowing and holding rights;
- replacement charges will be waived where an overdue item is returned.

Fee code	2023 fee incl GST	Description of fee
AF1	\$100	Replacement charge for lost materials

### 5.1.2. Car parking fees

RMIT provides students with casual and permit parking options at its City, Brunswick and Bundoora campuses.

Instructions on how to apply for a parking permit are included in the following table:

Campus	How
City	RMIT's commercial car park in Building 91 (110 Victoria Street) is independently managed by Care Park. Care Park can be contacted at <a href="mailto:customerservice@carepark.com.au">customerservice@carepark.com.au</a> or 03 9682 1733. Fees apply.
Brunswick	<p>Parking at the Brunswick campus is free. However, students must register for a permit and access to the boom gates. Students can register for a permit online through the EasyPark system by visiting <a href="https://rmit.easypark.net/">https://rmit.easypark.net/</a>.</p> <p>Once receipt is received, raise a <a href="#">service now request</a> selecting the "Additional Access" option in the type of access information field. Please attach a copy of the permit receipt along with the serial number on the back of your student card so access to the boom gates can be added.</p> <p>Once your application is processed, Campus Security Services will send you a notification detailing the outcomes of your request.</p> <p><b>Short course students</b> Parking barcodes will be sent to students with their course confirmation. Students who have not received their parking barcode should contact <a href="mailto:shortcourses.fashionandtextiles@rmit.edu.au">shortcourses.fashionandtextiles@rmit.edu.au</a>.</p>

Campus	How
Bundoora	<p>Students can register for a bi-annual or annual parking permit online through the EasyPark system at <a href="https://rmit.easypark.net/">https://rmit.easypark.net/</a>. Fees apply.</p> <p>Casual parkers can pay for parking via the free EasyPark app, which is available to download from the <a href="#">Apple App Store</a> and <a href="#">Google Play</a> and only charges for the actual time spent on campus. Service fees may apply.</p> <p>Casual parking can also be obtained from pay by plate meters, this means no more printouts to display on your dashboard, you simply punch in your registration number at the ticket machine instead, machines will be installed at Bundoora West</p>

### 5.1.3. Car parking fines

Students are required to observe parking regulations on campus and are likely to be issued a Parking Infringement Notice (PIN) / fine if they breach parking regulations.

Failure to purchase a permit or pay a parking fine will have the same consequences as not paying any other student fee (see section 8).

## 5.2. Special administration services

Students enrolled at RMIT will receive administration services such as confirmation of enrolment and online tax invoicing without charge.

All RMIT students also receive one award transcript free of charge after conferral. The additional special services listed in this section may be provided on application.

Fee code	2023 fee incl GST	Description of fee
ADM5	\$170.00	Replacement certificates, parchments or testamurs
ADM42	\$200.00	Non-return of Academic Gown
ADM137	\$30.00	Fee for a letter requested by student. Students are provided various free documentation to confirm their enrolment, student record or award status. This fee acts as financial disincentive to ensure only genuine requests are made where existing information or documentation already provided is not sufficient.
ADM140	\$275.00	This fee will apply to students who seek permission to have their program reinstated after it has been lapsed/discontinued & where the late enrolment process does not apply.
ADM145	\$50.00	Fee for a customised letter requested by student. Students are provided various free documentation to confirm their enrolment, student record or award status. Where an existing standard letter is insufficient for students they are able to request a custom letter for a fee. Increasingly students are requesting greater customisation of information and this fee reflects the additional complexity and time taken to complete such requests to match the requirements. Custom letters include Academic Performance requests, as well as

Fee code	2023 fee incl GST	Description of fee
		a range of other custom requests. This charge includes the cost of generating on security paper in hard copy and posted to the student if this is the student's preference. The fee acts as a financial disincentive to ensure only genuine requests are made where existing information or documentation already provided is not sufficient
ADM192	\$40.00	Hard copy letter, statement or third party form. Fee for a standard letter requested by a student, third party form or a request to reissue a document already provided to a student (in hard copy). Students are automatically provided various free documentation to confirm their enrolment, student record or award status.  This fee acts as financial disincentive to ensure only genuine requests are made where existing information or documentation already provided is not sufficient.
QP2	\$15.00	Replacement of current student ID card
QP25	\$250.00	Graduation ceremony hire of academic dress - Melbourne
QP27	\$250.00	Graduation ceremony hire of academic dress - Melbourne doctoral degrees graduation ceremony
QP33	\$70.00	Academic Statement (Transcript, SAC, AHEGS, VE Qual/SOA) - obtain on campus in person
QP34	\$5.00	Academic Statement (Transcript, SAC, AHEGS, VE Qual/SOA) - regular postage within Australia
QP35	\$15.00	Academic Statement (Transcript, SAC, AHEGS, VE Qual/SOA) - express post within Australia
QP36	\$40.00	Academic Statement (Transcript, SAC, AHEGS, VE Qual/SOA) - international post outside Australia
QP40	\$25.00	Academic Statements - complete set of digital statements
QP41	\$50.00	Academic Statement - transcript - hard copy
QP42	\$50.00	Academic Statement – Australian Higher Education Graduation Statement (AHEGS) – hard copy
QP43	\$40.00	Academic Statement – Vocational Education Qualification Statement (VE QS) – hard copy
QP44	\$40.00	Academic Statement – Statement of Attainment (SOA) – hard copy
QP45	\$50.00	Academic Statement – Statement of Academic Completion (SAC) – hard copy
QP51	\$100.00	Melbourne Graduation – Late Attendance Fee
QP52	\$55.00	In absentia conferrals - admin and postage charge - addresses within Australia
QP53	\$55.00	In absentia conferrals - admin and postage charge - addresses outside of Australia
QP54	\$15.00	Digital Statement of Completion

### 5.2.1. Administrative fees applying to international students

A non-refundable application fee (ADM14) is payable by international students who submit an application to undertake an RMIT program.

In addition, an international student may request an additional administration service of an airport pick up (ADM12, ADM167) on their arrival in Melbourne.

These and other special administrative charges for international students are noted in the following table.

Fee code	2023 fee incl GST	Description of fee
ADM12	\$100.00	Tullamarine Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM167	\$100.00	Avalon Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM14	\$100.00	Application fee for prospective international students.
QP46	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund. <u>Note:</u> See QP60-QP63 for Foundation Studies withdrawal fees.	Admin fee on withdrawal – international students. Financial disincentive to withdraw late. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8.
QP60	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund.	Fee charged to commencing Foundation Studies (Business) students who withdraw. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8.
QP61	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund.	Fee charged to commencing Foundation Studies (Art, Design and Architecture) students who withdraw. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8
QP62	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund.	Fee charged to commencing Foundation Studies (SEH, STEM) students who withdraw. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8.
QP63	Deposit less 10%, deposit less 50% or entire deposit amount, depending on date of submission of application for refund.	Fee charged to Foundation Studies (General) students who withdraw. Fee charged is determined by transfer or withdrawal date as per refund policy. See refund rules section 11.8.

### 5.2.1.1. Overseas Student Health Cover (OSHC)

All international students holding an Australian student visa are required to maintain valid OSHC with an approved OSHC provider.

Students will not require OSHC if they are:

- a Norwegian student covered by the Norwegian National Insurance Scheme
- a Swedish student covered by the National Board of Student Aid or by Kammarkollegiet
- a Belgian student covered under the Reciprocal Health Care Agreement with Australia

The Department of Home Affairs (DHA) has implemented mandatory Visa Length Cover as a requirement for all student visa applications. This means students must show DHA that they have OSHC for the entire proposed duration of their student visa.

The proposed duration of a student visa will generally be granted by the DHA as follows:

Length of course	Length of stay
10 months or longer, finishing at the end of the Australian academic year (November to December)	The DHA will usually grant a visa stay period to 15 March of the following year
10 months or longer, finishing from January until October	The DHA will usually grant a visa stay period of 2 months longer than the course
Less than 10 months	The DHA will usually grant a visa stay period 1 month longer than the course

The maximum length of stay for a student visa will generally not exceed 5 years.

### **Masters by research and PhD students**

The length of stay for Postgraduate Research students is generally 6 months longer than the timelines stated in the above table. This additional time allows these students to remain in Australia during the interactive marking of their thesis.

For example, Postgraduate Research students who are undertaking a course of more than 10 months duration finishing in November-December, we will generally grant a visa that ceases 15 September (an additional 6 months from 15 March) of the year following course completion.

### **Medibank Overseas Student Health Cover**

All international students (and their dependents) require Overseas Student Health Cover (OSHC) for the duration of their student and student dependent visas. RMIT works with Medibank as the preferred OSHC provider, and arranges Comprehensive OSHC for international students

OSHC fees quoted on the offer letter are indicative and are subject to change on 01 May each year. Alternatively, student can choose to purchase OSHC themselves from an approved Australian health insurance provider.

### **Deferral of Offer or Acceptance**

When a student defers their offer/acceptance or changes of preference, the OSHC duration is recalculated accordingly. The new OSHC premium is indicated on the new/revised offer letter. The updated OSHC fee is adjusted accordingly in their RMIT student account (SAMS).

## **5.2.2. Administration fees applying to Open Universities Australia (OUA) students**

Excluding undergraduate students enrolled in a CSP, OUA students are charged tuition fees directly by OUA, not RMIT. RMIT charges fees to OUA students directly for additional services provided to OUA students.

The following fees are applicable for the 2023 year:

Item	2023 fee incl GST
OUA - Credit Transfer Fee (ADM84 BUS, ADM85 STEM, ADM86 DSC)	\$60.00

## 6. Childcare Centre fees

RMIT provides a childcare service to students via the City Campus Children's Centre. Failure to pay childcare service fees by the due date may result in the application of penalties, or the withholding of services as outlined in section 8.

## 7. Bundoora on-campus accommodation

RMIT has student accommodation at its Bundoora campus offering great facilities and a community environment.

Pricing for UniLodge@RMIT Bundoora, also known as Walert House, is available at [rmit.edu.au/students/support-and-facilities/student-support/accommodation](http://rmit.edu.au/students/support-and-facilities/student-support/accommodation).

A student who fails to pay their UniLodge@RMIT Bundoora accommodation fees by their due date will be subject to the penalties and/or the withholding of services as outlined in section 8 below.

## 8. Debtors – overdue balance and penalties

RMIT students are required to pay their fees by the due date shown on their tax invoice, as agreed to in the Statement of Student Responsibilities.

Each charge has a due date and some dates may vary. It is a student's responsibility to keep track of their due dates.

Students can check the 'Summary of Charges by Due Date' section in the Account Statement of their Tax Invoice or logon to their online account to see how much they need to pay by when (see section 9).

### 8.1. Debtor restrictions

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date. They may also have their enrolment cancelled (see section 8.2).

Debtors cannot enrol, add classes, obtain a transcript of results or Statement of Academic Completion, view their academic history (results) via Enrolment Online or receive an award (graduate) until the debt is paid in full.

Therefore, it is important for students to dispute a fee as soon as possible if they think they have been incorrectly charged.

#### 8.1.1. Fee disputes

Students who wish to dispute a fee must contact Student Connect as soon as possible. Submission of any supporting documents must be sent from their RMIT student email account and should include their Student ID (example: s1234567) in all correspondence.

Once their email is received, their disputed charge will be suspended until RMIT completes its investigation.

If after investigation the student is found liable for the fee/s, they will be required to make immediate payment.

## **8.2. Cancellation of enrolment due to non-payment**

If a student does not pay their tuition fees of \$500.00 or more by the due date, RMIT is entitled to cancel their enrolment in all current programs.

If a student's enrolment is cancelled, they will:

- be cancelled in all their current programs even if they have paid (or have an approved HELP loan) for the other program/s they are enrolled in
- still have to pay the tuition fees for any course they have already received a grade for or that has already finished and any materials or other fees e.g. library fines, and these fees will be referred to a debt collection agency (see section 8.2.1)
- must reapply to RMIT if they wish to continue their studies in the cancelled program/s

### **8.2.1. Referral to debt collection**

If a student has more than \$500.00 of unpaid tuition fees in their account after the due date and their enrolment is cancelled, the fees listed below will be referred to a debt collection agency:

- tuition fees of \$500.00 or more for a course for which they have already received a grade, or if the course has finished
- tuition fees of \$499.99 or less
- all materials and other fees e.g. library fines

Students who are referred to a debt collection agency will incur additional costs and their personal credit rating may be affected.

RMIT will contact students who have overdue charges by email and letter, to request that they pay these charges immediately.

Once a debt has been referred to an external debt collection agency, all verbal and written communication will come from the agency. The student will continue to receive communication from RMIT for any charges that have not been referred to the agency.

### **8.2.2. HELP loan applicants**

Students who have their enrolment cancelled because they did not pay their tuition fees by the due date will have their enrolment cancelled in all current programs, even if they have an approved HELP loan for the other program/s that they are enrolled in.

CSP students are excluded from the cancellation process and are managed in accordance with the HESA act.

### **8.2.3. Cancellation of enrolment review process**

If a student has their enrolment cancelled by RMIT due to non-payment of their tuition fees, they may be permitted to be reinstated and re-enrolled if they are able to make full payment of all outstanding fees within 14 days of their cancellation.

International students under the age of 18 must make full payment within 7 days of their cancellation in order to be reinstated and re-enrolled.

All international students on a student visa should be advised that reinstatement will require confirmation that they are not in breach of the conditions of their visa.

RMIT Online students must request reinstatement within 5 days of cancellation of their enrolment.

Reinstatement into a program cancelled due to non-payment is only permissible on one occasion, and a \$275.00 administration fee applies (ADM140).

### **8.2.4. Student visa implications**

An international student on a student visa subject to the ESOS Act who has their enrolment cancelled will be reported to the Department of Home Affairs (DHA), and the student may have to leave Australia. The student's visa may be cancelled by DHA as a result of the student failing to maintain enrolment.

## **8.3. Financial assistance**

If a student is having trouble paying their fees, RMIT recommends the following options that students contact a Student Welfare Advisor to discuss what financial assistance may be available.

Students may also:

- reduce their fees by dropping classes from their enrolment before the census date
- apply for a leave of absence for a semester, or
- if they cannot afford their tuition fees, they may need to cancel their enrolment

### **8.3.1. Fee extension**

In exceptional circumstances that exist outside a student's control, and subject to the approval of the fee extension panel, a student may enter into a tuition fee payment extension arrangement with RMIT.

Students who seek a payment extension should contact Student Connect to have their eligibility assessed as soon as possible and no later than their invoice due date.

Payment extensions will only be permitted for tuition fees - all other charges must be paid in full by the due date as listed on the student tax invoice. Applications will then be assessed, and an outcome provided to the applicant.

Where a fee payment extension has been granted and the fees are not paid by the agreed date(s), the student's enrolment may be cancelled.

Students in a CSP are ineligible for a fee payment extension, even if they do not meet the eligibility criteria for a Commonwealth loan scheme (see section 2.6.10).

## **9. Payment of fees and charges**

Prior to the start of the 2023 academic year, students who have enrolled will receive an invoice detailing all their fees and charges for the following year. Students will receive an additional invoice each time they vary their enrolment or incur any additional charges.

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date(s). They may also have their enrolment cancelled.

## 9.1. Tax invoices

Students can access their RMIT financial details and view their latest and past invoices by logging into Enrolment Online and navigating to My Student Record.

Students will have a notification email sent to their RMIT student email account and their personal email account recorded with RMIT when their tax invoice is available to view online. Students are required to regularly check and read all RMIT messages.

They will also receive an up-to-date invoice whenever there is activity in their account, e.g. they make a payment, drop or add a course.

During this overnight process a PDF of their latest tax invoice will be uploaded to Enrolment Online and a copy sent to their RMIT student email account and their personal email account recorded with RMIT.

More information about tax invoices is available at [www.rmit.edu.au/students/student-essentials/fees-and-payments/tax-invoices](http://www.rmit.edu.au/students/student-essentials/fees-and-payments/tax-invoices).

## 9.2. Payment options

Students can find payment options in their online account, on the *Paying your fees* webpage at [rmit.edu.au/students/payment](http://rmit.edu.au/students/payment) and on their tax invoice.

Students should allow at least three business days prior to the due date for an electronic payment to be transferred to their RMIT account.

## 10. Discounts, fee waivers and scholarships

The *Higher Education Support Act 2003* does not permit universities to not charge tuition fees for full fee students for any course or program.

The only exception to this requirement is in the instance of domestic Research students who are enrolled in a Commonwealth Research Training Program place.

Additionally, universities may award full-fee students a scholarship to pay all or part of their tuition fees.

### 10.1. Scholarships

A wide range of scholarships are available to assist students while undertaking study at RMIT. Many of these have been established to assist students in specific circumstances.

### 10.2. Authorisation/approval of partial scholarships

Applications for a partial scholarship are only permissible if the *Tuition fee partial scholarship* form is completed, approved and signed-off by the relevant authorised staff responsible for the funding of the scholarship.

---

Partial scholarships can be granted based on compassionate, marketing, staff and other grounds, or be used to correct university errors and support research efforts.

## 11. Refunds

The refund rules in this section apply to programs delivered by RMIT Australia and RMIT Online. They do not apply to programs delivered by RMIT English Worldwide (REW), RMIT Vietnam or in partnership with other education providers.

For students enrolled with a partner institution, the policy and processes of the partner institution on refund of fees and remission of debt apply.

### 11.1. Domestic and continuing international students

#### 11.1.1. Domestic student

A **domestic** student is a student who is:

- an Australian citizen, or
- a New Zealand citizen, or
- a holder of an Australian Permanent Residence visa, or
- a holder of an Australian Permanent Humanitarian Visa

#### 11.1.2. Continuing international student

A **continuing international student** is:

- an international student (including a holder of a student visa, bridging visa or temporary visa) who has successfully studied in the first semester of their current program and their results have been officially released, or
- an international student who has been granted a Leave of Absence.

### 11.2. Commencing international students

A **commencing international student** is a student who:

- holds or intends to apply for a student visa,
- holds a bridging visa\* or temporary visa\* and does not intend to apply for a student visa, AND
- is yet to enrol, or
- enrolls and cancels their enrolment in the first semester of their program while studying onshore or online after that have been issued a Confirmation of Enrolment (CoE)

\*Note: Commencing international students who hold a bridging visa or a temporary visa and do not intend to apply for a student visa will have their refund applications assessed according to the refund rules for domestic students (see section 11.7).

### 11.3. International offshore students

International students studying offshore who are charged tuition fees by RMIT Australia or RMIT Online will have their refunds assessed in-line with the rules that apply to domestic and continuing international students.

### 11.4. RMIT Online students

Domestic and international (commencing and continuing) students enrolled in a degree with RMIT Online will have their refunds assessed based on the rules in 11.7 Table A.

Course deferral and withdrawal information for students enrolled in a short course with RMIT Online is available at [online.rmit.edu.au/faq?](https://online.rmit.edu.au/faq?).

### 11.5. Granting of permanent residence

International students studying in Australia who change their citizenship or residency status during the course of their study, and become an Australian citizen or permanent resident, may be entitled to pay fees at the same rate as domestic students, depending on the timing of the change in status and when the student notifies RMIT. See section 2.13.

### 11.6. Applying for a refund

Credit balances within student accounts will not be remitted automatically. Students should contact Student Connect to apply for a refund.

#### 11.6.1. Eligibility for a refund

A refund can only be paid when:

- the University has received the money that is to be refunded and the funds have been cleared to the student's account, and
- there is an available credit balance and that credit balance is the result of a payment, and
- the credit has not already been allocated to other outstanding student fees, and

All refunds of credit amounts on a student's account will be assessed against any outstanding fees or charges.

Correct and complete applications for a refund will be processed within 20 working days.

If an international student who has paid an acceptance deposit reduces their study load in the first semester of their program, they will not be eligible for a refund of the difference between the tuition fees they pre-paid for that semester and the tuition fees charged. Instead, the difference will appear as a credit in their student account and be automatically applied to future semester tuition fee charges. If the student reduces their study load in any semester other than their first, normal refund rules will apply.

If an international student in their first semester of their current program cancels their current program before their result(s) have been officially released, their refund will be assessed and processed based on the guidelines applicable to commencing international students.

Commencing international students who hold a bridging visa or a temporary visa and do not intend to apply for a student visa will have their refund applications assessed according to the refund rules for domestic students.

### **11.6.2. Ineligibility for a refund**

A refund will not be available where a student:

- owes RMIT outstanding fees
- has remaining school allocated print credit
- has had their student visa cancelled during the semester for breaching visa conditions
- has cancelled or had their enrolment cancelled by the University, and
  - the grades have been entered, or
  - the course end date has passed, or
  - the student was in breach of enrolment conditions

Where a student's request for refund of fees is denied, the response will state the reasons for the decision and inform the student of their right to appeal.

### **11.6.3. Incomplete refund application**

RMIT will allow 10 working days for additional documentation or information to be provided to support an application for refund if required. The application will be closed if the required information is not received within this timeframe. A new refund submission will be required after this time.

### **11.6.4. Refund payment**

RMIT will process refunds using the same payment method as the original payment.

Where the payment was via a credit card, the funds will be returned to the same credit card used for the original payment.

Refunds that are processed via Electronic Funds Transfer (EFT) will be paid into the student's nominated bank account. It may take up to 6 weeks for a refund payment to reach an overseas bank account.

RMIT reserves the right to request proof of payment and is not liable for any variance from foreign exchange rate fluctuations.

RMIT refuses to process a refund application when a discrepancy in the transferred amount and the issued invoice has been identified. RMIT may ask the student to contact their bank to submit a reversal payment request from their bank in order to assess the refund request.

### **11.6.5. Refund of materials fees**

Materials fee refunds for goods, excursions, and global intensives are at the discretion of the relevant teaching school.

Refunds for materials fees cannot be processed until the school approves the removal of charges. An administrative fee may also be charged for late withdrawal from an excursion or global intensive.

### **11.6.6. Refund of Overseas Student Health Cover**

**Commencing international students:**

- A student who has not commenced any program with RMIT is eligible for a full refund of Medibank OSHC premium paid at their time of acceptance (arranged by RMIT)

- An enrolled student may be eligible for a partial refund of Medibank OSHC premium paid to RMIT if their enrolment is cancelled and/or have left Australia

A student may cancel their OSHC at any time and will be refunded the unused pro-rata portion of their OSHC premium.

A student with OSHC arranged directly with a provider will be responsible for arranging a refund with their provider.

Continuing students must contact their healthcare provider to arrange a full or partial refund of their OSHC.

### **11.6.7. Application fees**

Application fees are non-refundable, but if a student's application is successful the application fee will be credited to their tuition fees once they accept their offer and enrol.

### **11.6.8. SA-HELP**

Students who withdraw on or before census date will not be liable for the SSAF previously applicable to their enrolment. If a student opted for SA-HELP, they will no longer be liable.

If a student has not opted for SA-HELP and they paid their SSAF up-front to RMIT, the student's account will be re-credited for the SSAF amount paid up-front and they can apply for this credit to be refunded.

Students who withdraw after the census date will remain liable for the SSAF.

If a student opted for SA-HELP, the SSAF deferred to SA-HELP is not refundable after the census date. There is no remission of debt in special circumstances for SA-HELP.

### **11.6.9. Remission (removal) of debt in special circumstances**

A Commonwealth supported student may be eligible for:

- remission (removal) of their VET Student Loan, HECS-HELP or FEE-HELP debt for a course, and/or
- a refund of their up-front payment of a student contribution for a course

if:

- circumstances outside their control prevented them from passing the course, and
- the circumstances arose, or their full impact became apparent, on or after the course census date so they were unable to withdraw before the census date, and
- they hadn't already clearly failed the course at the time the circumstances arose

There are no provisions under the *Higher Education Support Act 2003* to have a debt remitted if students have already successfully completed the unit of study.

### **11.6.10. Removal of debt in special circumstances**

An international student or a student who has not taken out a FEE-HELP or VETSL loan may be eligible for:

- removal of their tuition fee debt

if:

- circumstances outside their control prevented them from passing the course, and

- the circumstances arose, or their full impact became apparent on, or after the course census date so they were unable to withdraw before the census date, and
- they hadn't already clearly failed the course at the time the circumstances arose

Information on how to apply is available via contacting Student Connect.

There are no provisions to have a debt remitted if students have already successfully completed the unit of study.

### 11.7. Table A: Refund assessment for domestic and continuing international students

Students who have paid fees up front and then have variations to their enrolment that result in their RMIT student customer account being re-credited may apply to have this credit balance refunded.

## 11.8. Table B: Refund assessment for commencing international students

- Where a refund application contains untrue or inaccurate information the applicant may be asked to re-apply for the refund or the application may be denied
- If the applicant is unable to provide any required documented evidence the applicant may only be eligible for a partial refund or the application may be denied.
- A student who has enrolled and intends to withdraw from all study, must cancel enrolment before the census date to be eligible for a refund.
- Application for refunds submitted after 12 months of program commencement will not be eligible for a refund. This includes students who accepted their offer and are yet to enrol in an RMIT program.
- Application for refunds where a student provides fraudulent documentation either as part of their original application to study at RMIT or as part of their application for a refund will not be eligible for a refund.
- Correct and complete applications for a refund will be processed within 20 working days. The exception is a provider default (where RMIT is unable to provide the program) in which case the refund must be processed within 14 days.
- The application for refund submission date will be recorded as the date of enrolment cancellation or the date of an application for release and used for refund calculations. When a student has not yet enrolled, the submission date of the application for refund will be recorded as the date the refund application is submitted.
- Students who received an offer letter on or before 4 May 2021 will have refund applications assessed according to the **Refund of Fees procedure (Table B3)**. Students who received an offer letter on or after 5 May 2021 will have refund applications assessed according to the annual **Approved Schedule of Fees and Charges (Table B2)** for the year that the student accepts their offer.
- Students who accept a package of programs including an offer for an English for Academic Purposes may not be eligible for a refund of English fees. RMIT English Worldwide (REW) will make the decision on a student's eligibility for a refund or English tuition fees. See REW's [Refund and Transfer of Fees Instruction](#) for more detail.
- The same refund rules apply for deposits paid for students who are eligible for the international tuition fee bursary or Foundation Studies tuition fee bursary.

Less than 4 weeks and up to Program commencement date	Deposit minus \$1000
After Program commencement up to census date	Deposit minus \$5000 (Foundation Studies: Withdrawal charges will be 50% of the Foundation Studies first semester tuition fees)
After census date	No refund

## 11.9. International student appeals against a refund decision

A student may appeal a refund decision where they can provide new supporting documents for a refund application. An appeal must be submitted within 20 working days of the refund decision notification.

## 12. Tuition Protection Scheme

RMIT is bound by the Australian Government's [Tuition Protection Service](#) (TPS) framework and maintains a statutory obligation to report any provider or student default to the TPS Director and to the TPS Secretary.

### 12.1. Provider default

A provider default occurs when:

- RMIT does not begin a course to the student at the location on the agreed starting day or the course is discontinued at the location after commencing and the enrolled student has not withdrawn from the course before the default day.

In the instance of provider default, tuition protection obligations must be met within 14 days of default.

## 12.1. Student default

A student default occurs when:

- the course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn), or
- the student withdraws from the course at the location (either before or after the agreed starting day), or
- the registered provider of the course refuses to provide, or continue providing, the course to the student at the location because of one or more of the following:
  - the student failed to pay an amount payable to the provider for the course
  - the student breached a condition of his/her student visa
  - misbehaviour by the student

In the instance of a student default, RMIT must complete payment of a refund within 4 weeks of a complete refund request submission date.

## 13. Financial liability

1. The financial liability of a student's enrolment will remain unless the student varies or formally cancels their enrolment by the appropriate date.
2. Withdrawal from a course or program using Enrolment Online, lodgement of an approved *Enrolment variation*, *Leave of absence* or *Cancellation of program enrolment* form with RMIT or RMIT Training are the only mechanisms to withdraw from a course or program of study (see section 1.2).
3. Failure to lodge the appropriate request before the deadline will result in the tuition liability remaining and the appropriate debt recovery actions will be enforced.
4. The financial liability of a student's enrolment will remain unless an *Enrolment variation*, *Application for leave of absence* or *Cancellation of program enrolment* request is submitted by the census date.
5. No changes to enrolment will be made after the census date unless there is evidence of a university error.
6. Cancellation of program enrolment by the census date does not exempt commencing international students from financial penalties such as administration fees and withdrawal penalties specified in the refund rules. If a commencing international student meets the criteria for a refund for a future program but owes RMIT fees, the holding deposit will reduce the debt owed to RMIT by the refund entitlement amount.
7. There will be no financial tuition fee liability for continuing international students and domestic students who formally cancel their program enrolment by the applicable census date.
8. All students may be liable for materials fees at the discretion of their school. These fees will be advised to students before enrolment, will comply with government requirements and will have been approved by RMIT as per the Approved Schedule of Fees and Charges.
9. Students will be liable for any outstanding library fees or late fees for previous late payments.
10. Students who owe RMIT outstanding fees will not be eligible for a refund.
11. Cancellation of a student's program enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar and subject to any other applicable legislation, policy, or agreements.

## Appendix 2 – Domestic vocational education government subsidised & full-fee program fees

### 1. Nominal hours may vary depending on electives chosen by student.

2. The student tuition fees as published are subject to change given individual circumstances at enrolment. These are tuition fees only, and do not include the SSAF or any materials fees that may apply.

3. Students may be entitled to a concession on their tuition and student services and amenities fees if they are in a Victorian Government subsidised place and meet the eligibility criteria to apply for a concession. If their application for a fee concession is successful, they will be charged a concession rate equivalent to 20% of the tuition fee payable by non-concession students in a government subsidised place for their program. Diploma and Advanced Diploma students are not eligible for a concession or exemption of tuition fees. However, Aboriginal/Torres Strait Islander students in a government subsidised place are eligible to access fee concessions at all program levels (including Diploma, Advanced Diploma, vocational Graduate Certificate and vocational Graduate Diploma programs).

4. Programs eligible for the Victorian Government's 'Free TAFE for Priority Courses' scheme have this denoted against their program code in the fee schedule. Eligible students in an eligible program will have their tuition fees waived for their whole program.

5. RPL fees are equivalent to the standard tuition fees for the course/s for which RPL is sought.

## Appendix 5 - Aviation program fees

### Plan AD023A and AD023BN

These fees apply to both domestic and international students. AD023BN is not currently open to international students studying on a student visa. International students who hold a different visa type may be eligible.

Students need to complete the following core courses to graduate, which total 144 credit points. Students also need to complete 48 credit points from one of three specialised streams (Instrument, Instructor or Academic). Students will be required to repeat any failed courses in order to be accredited and will be charged the fee for that course again.

Fees are subject to annual indexation and the fee charged will depend on the year the course is completed.
